

Letter of Recommendation:

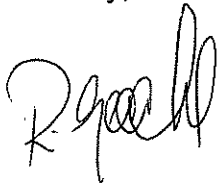

To whom it may concern,

We have had customer vendor relations with GTA Trailer Rentals Inc. (GTA) since January 2006. Since the inception of our partnership, GTA has proven to be an exceptional full service supplier of quality over-the-road transport trailers.

Currently we have approximately 60 trailers leased on a full-service contract from GTA, who notifies us on a quarterly basis of when services are due; we work together to make the trailers available for servicing.

I would recommend GTA's services to anyone who has a need for over-the-road transport trailers particularly if they are looking for a full-service organization.

Sincerely,

Rob Checchia
